KING EDWARD TO MARRY HER

All-American Pact Against Fighting Is Asked by Hull

U. S. Secretary of State Issues Call to 21 Western Nations

HOME AND ABROAD

Treaty Would Keep Peace in West, and Unite Against Overseas

BUENOS AIRES, Argentina.—(AP)—Secretary Hull summoned 21 American nations Saturday to a co-operative effort to help stave off war abroad as well as preserve peace at home.

Presenting to the Inter-American Peace Conference an eight-point program for a comprehensive anti-war structure, the head of the United States delegation pleaded for the creation of "an armory of peace" in the interest of the whole world.

"I strongly entertain the hope," Hull said, "that a united group of American nations may take common action at this conference to further assure peace among themselves and define their attitude toward war."

Civil Service Bill for State Finished

Bailey to Make It Public After Examining the First Draft

LITTLE ROCK.—The Honorary Civil Service Study Commission approved a final draft of a proposed State Civil Service act Friday and will submit the bill and its report to Gov.-elect Carl E. Bailey next week.

It was indicated that Mr. Bailey will make the measure public within a week or 10 days after studying it.

Henry F. Hubbard, assistant director of the Civil Service Assembly of Chicago, who attended the meeting at the Hotel Marion, said that the commission has drawn a model bill, which will require that employees must be qualified to get on the pay roll but which will get them off quickly if they do not perform their duties.

Raymond Rebsman, chairman of the group appointed by the governor-elect soon after the Democratic primary last August, said the commission had attempted to draft a bill that would create fair and equal conditions for all employees and protect competent employees from loss of jobs through politics.

A. H. Henry, Planning Board engineer presented data showing that the turnover in some departments has been more than 100 per cent within a year and that the average turnover for all departments is 55 per cent.

Members of the Honorary Commission, besides Chairman Rebsman, are Lamar Williamson, Monticello lawyer, and J. N. Heiskell, editor of the Arkansas Gazette.

Arkansas Ginnings Double Last Year

1,061,500 Bales First 10 Months, Against 545,000 for 1935

WASHINGTON.—(AP)—Cotton gins of Arkansas turned out 1,061,500 bales in the first 10 months of this year, compared with 545,000 bales in the same period last year, the Bureau of Agricultural Economics reported Saturday.

Deer Visits Town

BECKLEY, W. Va.—(AP)—A deer wandered through the outlying sections of Beckley, apparently unfrightened by residents.

Game Protector O. B. Harris said: "The only thing to do is to let him alone. There's a standing reward of \$100 for the owner, and conviction of anyone bothering deer now. And unless some dogs get after the animal, I think it will wander back to the woods."

A THOUGHT

Seest thou how faith wrought with his works, and by works was faith made perfect.—James 2:22.

Turned Brown By Brown Turner

NASHVILLE, Tenn.—If we can just get Mrs. Simpson married off to King Edward, Dizzy Dean sold by the Cardinals and Jim Braddock in a notion to fight Max Baer, things ought to run fairly well till the legislatures start passing more laws against gasoline and cigarettes. But if that Simpson woman agrees to anything less than queen she's lost a lot of that old Baltimore hardheadedness they say she used to have. She's stirred up quite a rumpus in England, but maybe it's a good thing to get their minds off war for a while. Looks like Washington is sort of siding with England and France in the present argument, but if we're going to furnish a queen we ought to have some sayso in the matter.

Conference Plans a Title Schedule

State High School Championship Is Discussed by 10 Cities

LITTLE ROCK.—(AP)—Representatives of 10 of the larger Arkansas high schools, in perfect accord, laid the groundwork Saturday for a high school conference which would award the annual state football championship.

The group agreed to appoint a committee of four to draw up a program of procedure which will be presented to a later meeting of proposed members of the conference.

Bailey Appointed to Tenancy Group

Is Only Arkansan Named on Secretary Wallace's Federal Committee

LITTLE ROCK.—Gov.-elect Carl E. Bailey received notice Friday from Secretary of Agriculture Henry A. Wallace that he has been appointed a member, President Roosevelt's Special Committee on Farm Tenancy, of which Secretary Wallace is chairman.

The committee will hold its first meeting in Washington December 16 and 17 and Mr. Bailey was asked to indicate whether he can attend. He telegraphed Secretary Wallace that he will try to rearrange his schedule so he can attend.

Mr. Bailey is the only Arkansan member of the committee named by the president two weeks ago to make a study of the national farm tenancy program and to prepare a report and recommendations for presentation to the president by February 1. Secretary Wallace's letter said that the appointment of Mr. Bailey had received the approval of President Roosevelt.

The governor-elect said recently that solution of the tenancy problem will be one of the principal objectives of his administration and he has held several conferences with groups which have been studying the question.

Arkansas' State Park System Now Is Worth Million

Two Original Parks Prior to 1933 Increased Today to Seven

BY STATE AND U. S.

Historic and Scenic Sites Created for People's Holiday Time

(Map at Bottom of Page)

LITTLE ROCK.—(AP)—Arkansas' state park system, developed in three years through federal agencies and private assistance, has an estimated valuation today of nearly a million dollars, the State Planning Board said in its annual report Saturday.

The system includes seven parks aggregating nearly 10,000 acres, five of which have been extensively developed by the Civilian Conservation Corps. Six additional areas have been proposed for future state parks and the planning board recommended that the entire system be linked by a network of scenic highways.

The board also proposed that provision be made for proper maintenance and gradual development of existing parks; that selection of new locations be related to land use study, future distribution of population and scenic qualities; that proper co-ordination be effected in provision of recreational facilities; that a comprehensive roadside improvement program be adopted; and that study be made of the present state la wuadre which the state park commission operates and recommendations be made for desirable revisions.

New Parks Developed

Prior to 1933, the Planning Board said, the state had only two undeveloped state park areas—Pettit (Jean) Mountain and Mt. Nebo. Since that time the state and government have developed Devil's Den, Crowley's Ridge, Lake Catherine, Arkansas Post and Donaghey Parks.

Pettit Jean Park, west of Morrilton, embraces 1,845 acres with a valuation of \$284,680. The board estimated that there is a population of 10 million persons within a radius of 400 miles of the park.

Devil's Den, so named because of the queer and dangerous looking interior of its caves, is in Washington county, north of Winslow. It embraces 220 acres with a valuation of \$233,063.48.

Mt. Nebo is five miles west of Dardanelle. Valued at \$18,154.82, it includes 3,374 acres.

Crowley's Ridge, developed on the site of the former plantation of Benjamin Crowley, pioneer settler in Greene county, is valued at \$205,000. It includes 347 acres and the planning board said an additional 300 acres are needed.

Lake Catherine, 2,500 acres near Hot Springs, has a five-mile shoreline on the lake of the same name. The park is valued at \$15,000. Chiefly noted for the angling it affords, the park is being developed as a resort for fishermen. The state game and fish commission estimated that in a period of 30 days as many as 375,000 fish of legal size are taken.

King's Abdication Is Looked for by Press of Canada

Consort With Two Ex-Husbands Would Destroy Crown's Prestige

BIRTH IS NO ISSUE

Divorce Is Objection, and Not the Fact She's American Commoner

(The Canadian Press Friday night sent the following dispatch to its membership.)

LONDON, Eng.—King Edward's voluntary abdication loomed nearer Friday night. The king is faced with one of two courses:

He must renounce his proposed marriage with Mrs. Wallis Simpson, or if he insists on marrying her, she by the fact of her marriage will become queen. That almost certainly would mean abdication.

The Baldwin cabinet is determined not to facilitate the device of moribund marriage. If the cabinet opposed the king's morganatic marriage with Mrs. Simpson it will be still more strongly opposed to her becoming queen.

Dominions Opposed Match

Views of the dominion governments, the Canadian Press is authoritatively informed, are dead against the marriage. Their opposition is not based on the fact that she is a commoner and an American. It is based on the fact that Mrs. Simpson has two divorced husbands living. It is felt that with Mrs. Simpson either queen or the king's morganatic consort the prestige of the crown inevitably would suffer. The strongest link between the mother country and the dominions would be weakened to the snapping point.

Baldwin Faces Press

A political crisis threatens the chanceling Baldwin government. Even among those most sympathetic with the king one hears the complaint that his friends include some who would not hesitate to exploit the crisis to their political advantage. They are said to be urging the king forward with the plea his great personal popularity will win the day.

It is rumored that the king remains determined on his course.

Cabinet May Resign

Resignation of the Baldwin government if the king persists may well be the outcome. But any new government willing to introduce legislation giving effect to a morganatic marriage would not only have difficulties at Westminster. It would also have to face the awkward fact of the dominions' unwillingness to introduce the parallel legislation now necessary under the statute of Westminster.

To the average man the whole crisis comes as a bombshell. So little appeared in the British press until within the last few days that many had never even heard of Mrs. Simpson. With the king personally there is the deepest sympathy. It is felt he is proposing to do what he considered to be

(Continued on page six)

Was This the Face That Launched a Thousand Ships, and Burnt the Topless Towers of Illium?

—Christopher Marlowe's toast to Helen, She of the Trojan War

Like Helen of Troy, whose beauty instigated a tragic war, the attractiveness of Mrs. Wallis Simpson is making history, with King Edward VIII and his cabinet reported at odds over his intention to marry the comely American Commoner. This latest portrait, just received in America from London, reveals the serene patrician

beauty of Mrs. Simpson and the calmness with which she takes the furore raging around her pretty head. Resignation of the cabinet and Edward's abdication were much discussed eventualities before the suggestion was made that Mrs. Simpson become the king's consort with the title Duchess of Cornwall and forswearing queenship.

He Hasn't Decided About Abdication, But Sure of Love

King Officially Announces Marriage Intention Saturday

QUITS HIS PUBLIC

Monarch Cancels All Public Engagements "for the Present"

LONDON, Eng.—(AP)—King Edward the Eighth of England told his distressed and irate cabinet Saturday that he is determined to marry Wallis Simpson, and then formally cancelled all his official engagements "for the present."

His supporters seized joyfully on those last three words, contained in a Buckingham palace announcement.

They thought it meant he merely wanted to have his hands free to deal with the present constitutional crisis. Prime Minister Stanley Baldwin's ultimatum that Edward and Mrs. Simpson must not wed.

"The King," it was learned from a high source, has not decided to abdicate. He has decided nothing—except that he will marry his American friend.

Social Security Deadline Saturday

All Workers Must Register With Postoffice by Saturday Night

WASHINGTON.—(AP)—A rush by workers to register under the new social security act, was reported Saturday end of the country to the other Friday as officials expressed confidence that the registrations would be practically complete.

Midnight Saturday is the deadline set for 26,000,000 workers to apply for old age pension account numbers.

While employee applications poured in postal authorities were checking up on employers who failed to apply for identification numbers. Social security board officials said that this did not necessarily imply punitive action was under consideration.

The board sees no necessity at this time to make such a decision on policy, it was said, with the exact proportion of employer compliance depending upon results of the present drive. Although those who do not meet the deadlines in filling out the forms for the internal revenue bureau may be in technical violation of the law, officials apparently intend to exhaust every means for voluntary compliance before resorting to the courts.

The immense registration task has been complicated by questions in the minds of both employers and workers. Thousands of the forms have been returned for correction. Other thousands are in transit between the postoffices and the Baltimore office of the board. Because of such factors, officials declined to estimate the number of delinquent employers.

Setting on cause of difficulty, the internal revenue bureau ruled Friday that persons working under an assumed name or who have concealed their true age from the employer need not give the correct data on the original forms. After filing their payroll names, however, they are expected to note their real names, age and the like on a slip attached to the application card or forwarded separately to the security board. Age claims will be investigated before any pension is paid.

A survey by the Associated Press Friday of the degree of compliance to the indicated responses averaging around 90 per cent in most populous states, especially in the big cities, and slower results in rural areas.

Tax Equalization Is Bailey's Goal

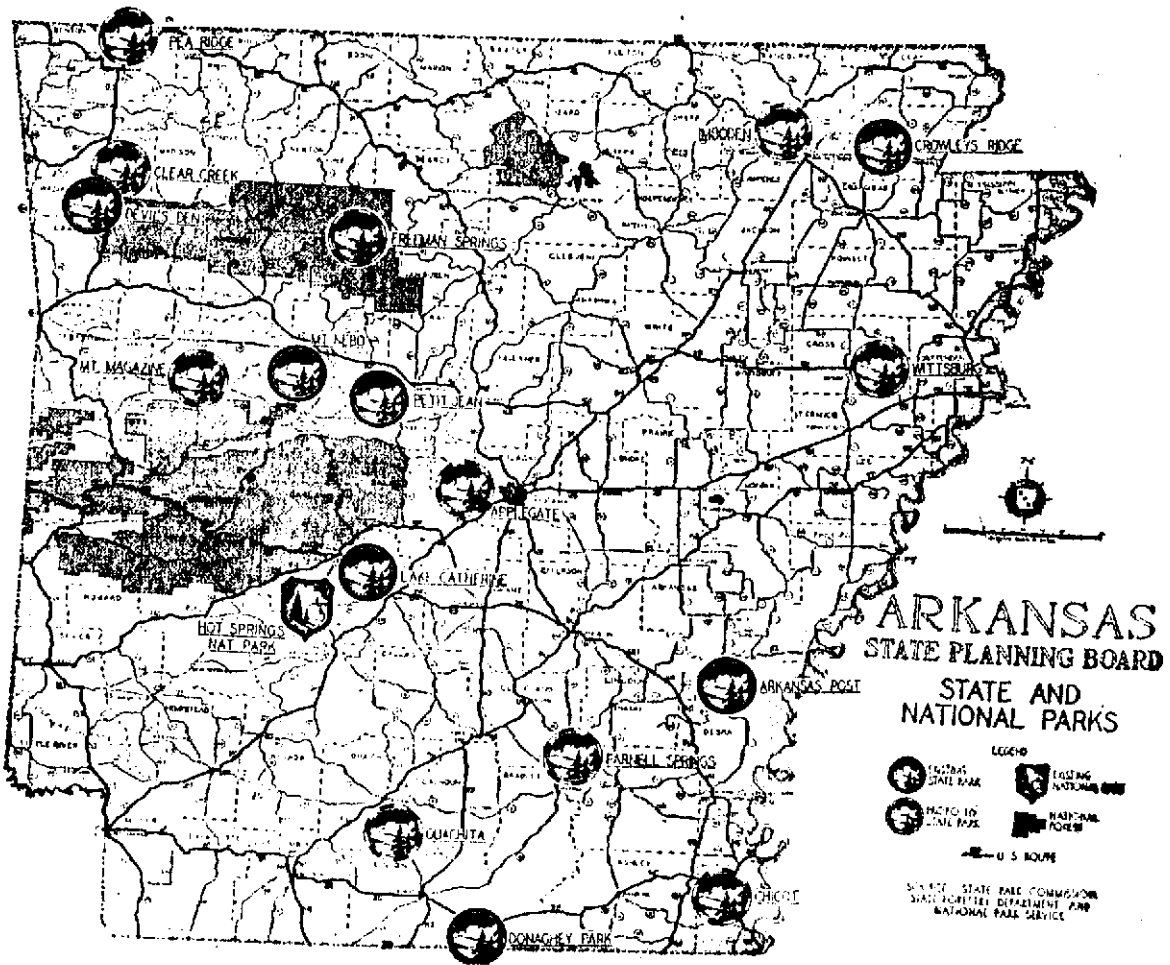

Governor-Elect Points to Uneven Decline in Various Counties

LITTLE ROCK.—Greater emphasis must be placed by the Arkansas Corporation Commission on the equalizing of tax assessments, Gov.-elect Carl E. Bailey declared in a letter addressed Friday to B. A. Fletcher, Lonoke county assessor and president of the Assessors Association of Arkansas, which will meet in the house chamber of the capitol Monday.

In the six-year period between 1929 and 1935, the total assessed valuation of real and personal property in Arkansas dropped from \$621,324,850 to \$411,427,405, a decline of 34.10 per cent, Mr. Bailey learned from figures compiled by the Corporation Commission.

"In the individual counties, the decline ranged from 10 to 54.2 per cent," Mr. Bailey added. "It would seem that this situation calls for the attention

Historical and Scenic Parks

Arkansas, taking advantage of governmental assistance, created in three years a state park system valued at nearly a million dollars. Location of seven existing state parks and six proposed areas is shown on the above map prepared by the State Planning Board.

Paralysis Strikes the Catholic Pope

Pius Partly Disabled by Paralysis in Both Legs, Says Vatican

VATICAN CITY, Rome, Italy.—(AP)—Pope Pius was stricken with a light form of paralysis in both legs Saturday, high Vatican officials reported.

Persons close to the holy father disclosed that the paralytic condition, first noticed in his left leg, had spread to his right.

High prelates asserted the pontiff could move his limbs somewhat, but was unable to lift them. Other parts of his body, they said, were weak.

Business Elements Quit Opposing F. D.

His Re-Employment Views Adopted by United States C. of C.

By BYRON PRICE
Chief of Finance, The Associated Press, Washington

The aura of better understanding which suddenly has enveloped the field of government-business relationship is becoming by all odds the most interesting phenomenon visible in the political heavens.

(Continued on page six)

2 New Air Raids Against Madrid

Bombing in Which 20 Persons Die Quickly Followed by Another

MADRID, Spain.—(AP)—Fascist bombers swept over the capital Saturday in another bombing foray, quickly following the fiercest aerial bombardment in the four-week siege of Madrid.

It is believed at least 20 persons were killed.

The Aguilles sector, the hardest hit Friday night when at least 30 insurgent air raiders loosed tons of bombs, again was the focus of the attack.

Russia Approves New Constitution

Only Amendment Is to Permit the Sudden Declaration of War

MOSCOW, Russia.—(AP)—The Congress of Soviets approved Saturday the Russian constitution after amending it to create a commissariat of the military industry and empowering the government to declare war "in case of necessity."

Hungarian Medicine

HOSSZUPALYI, Hungary.—(AP)—A young woman was arrested here on the charge of causing the death of a young woman by treating her with a mixture of dried frogs heads and snakes tails.

A search of her home revealed many owls heads, mouse skeletons and similar "medicines" in which police said she did a thriving trade with peasants.

Sailor Is Held on Extortion Charge

"G" Men Arrest James F. Hall for Threat to Ginger Rogers

LOS ANGELES, Calif.—(AP)—Federal agents arrested a young sailor in the United States Navy, accusing him of attempting to extort \$5,000 from Ginger Rogers, screen actress, J. H. Hanson of the Department of Justice announced Saturday.

The arrest was made about midnight Friday night in Long Beach.

The sailor, James F. Hall, 20, will be taken before a United States commissioner here for arraignment, said Hanson.

Peacher Finally Decides on Appeal

Risks 2-Year Prison Term Rather Than Pay \$3,500 Slavery Fine

LITTLE ROCK.—Lawyers for Paul D. Peacher, Earle town marshal, advised Federal Judge Martineau Friday that they will appeal to the Eighth Circuit Court of Appeals from his conviction in federal court at Jonesboro on a charge of falsely arresting seven negroes and imprisoning them in a stockade on land which he forced them to clear.

Sentence was imposed immediately after Peacher's conviction November 25. Preliminary steps for the appeal were taken within the allotted three days, but the lawyers said that there was a possibility that no appeal would be sought if Peacher could raise the

The Family Doctor

Noses Are Delicate Instruments, and Should Be Cleared Carefully

By DR. MORRIS FISHBEIN

Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine.

For all the wear and tear that undergoes, the nose nevertheless is a delicate instrument. For that reason, it should be handled with a little more care than is ordinarily given it.

Do not, therefore, submit it to unnecessary insults and damage. If you must blow your nose when you have a cold, be careful not to blow it in such manner as to force the infected material from the nose through the eustachian tubes into the ears.

The small eustachian tubes run from the back of the nose into the internal ear. When they become obstructed by swelling or by infection, there is prompt interference with hearing. The head becomes full of noises, whistles, and other disturbances of sound.

Many years ago, a French postmaster who had suffered gradual loss of hearing and who was troubled a great deal with noises in his head thought of a way to pass a tube up to the opening of the eustachian tube and to empty it of its obstructing content.

This method has been developed, and it now is possible to clear the eustachian tube in this way to aid hearing, and to help clear up infections in the ear.

When you blow your nose always keep one nostril open as a safety valve. In the correct technique of nose blowing, the handkerchief is held loosely over the nostrils, which are not held tightly shut, and only enough air is forced through to help the retained materials to pass outward.

If the material in the nose is so thick or so tightly packed that force is required for its expulsion, it is safer to have the nose suitably irrigated with a slightly warm saline solution.

Ill-treatment of the nasal tissue, which may result in secondary infection or severe damage, involves the pulling of hairs, the attempt to cut the hairs by passing scissors up into the nose, or the poking of hard probes or directors into the nose to remove foreign substances or crusts.

When there are crusts in the nose because of infection or damage to the nasal septum, or for some similar reason, they should be softened with oils or ointments, and no attempt should be made to break them off. A safe washing solution for the nose contains very small amounts of baking soda, borax, and salt, in warm water.

Your Children

By Olive Roberts Barton

Exercise Is Staff of Life Quite as Much as Bread.

A little old lady tells me she walks ten miles a day. And I have orders from a doctor to walk at least four miles a day, which I don't do.

If you are feeling sorry for Jackie and Jean, who have to walk a mile to school, better save it for the time they can drive right up to the school door, and not get any walking at all.

"Two miles to school if it was an inch, four miles there and back," says Grandpa proudly as he helps himself to a fourth slice of beef. And the family look at each other as if to say, "Poor fellow. Think of us walking half the distance. And if our youngsters had to—"

Youngsters today, of course, in cities, do their marathon four times a day, so it averages up. Sometimes they stay for lunch, but mostly not. So the distance, if they walk it, should be reasonable. What wears them out beyond their normal strength is added steps, running when they're late, or being tired to start with.

Stomach Ache Is Danger Sign
I started this with another idea in mind. You can't walk, or work or exercise very violently on a stomach full of heavy food. I said "heavy," not plentiful. And you can't be late for

school, and run all the way, and feel good. Maybe it is flapjacks, pie and pickles. Maybe a lot of things. But tummy ache or general indigestion is often a squeal from sheer injustice. Exercise takes blood into the muscles. Violent exercise means twice as much blood. Digestive organs need the most attention from the blood stream just after a meal, and where is it "at?" In arms and legs.

Make Luncheon Light
So, don't serve meals that put too much of a burden on the hurrier. Make them appetizing and wholesome, but see that the rich things or slow-digesting foods are eaten only when there is time to take care of them without distress.

If the family clamors for long-time digestibles, advance the meal half an hour, or less. This gives everybody a chance to chew the cud before tearing away on that lute to the day's work.

"But, oh," you exclaim, "then the daily bus ride is all right. Johnny can take care of his heavy breakfast as he rides." Yes, he can. But exercise is the staff of life, as well as chocolate cake. The point is that there is a time and place for everything.

HOLLYWOOD

By Paul Harrison

Cinema Sidelights: A Racket in Night Spot . . . Carole to Tap Dance . . . "Prince" Mike's Around

HOLLYWOOD—Short takes: Couple of former tennis champions volleyed some hot, fighting words in a local night spot. Then the wife of one and the girl friend of the other got into the racket, making it doubles.

Spectators looked on as politely as a gallery at Wimbledon, but broke into applause when one of the girls, with a powerful overhand drive, smashed a highball into the "other" man's face. That ended the match, but no loving cup was presented.

Way to tell, in advance the importance of a new picture is to count the dinner parties scheduled before the premiere and the supper-club affairs slated for later in the evening. If there are at least 20, you'll know the feature is a superepic.

Carole Lombard not only will sing, but will hoof some snappy tap steps in "Swing High, Swing Low."

Norma Shearer didn't go to Palm Springs to recuperate, but into seclusion in Arizona—along with her two children and their governess.

"Prince" Mike Romanoff is somewhere around, looking for a workless job in pictures.

When they finished "Arizona Mahoney" at Paramount, Joe Cook tossed a party for cast and crew, and cooked all the food himself.

Henry Fonda has been driving ex-

ecutives crazy at United Artists by touring around a live turkey, a pet named Herman.

At Republic a flock of gobs was turned loose on the lot. Each was tagged with the name of an employee, and everybody had to catch his own. Comes an epidemic of musical biographies. Warners are rushing "The Life of Beethoven," M-G-M is readying "The Life of Johann Strauss," and Columbia has "The Life of Chopin"—and it's a race to reach the theaters first.

Flying Contest

Another three-cornered contest deals with the history of flying. Warners have scheduled "The Life of the Wright Brothers," RKO is preparing "Mirage," and Paramount announces "Men With Wings." Two years ago Alexander Korda, in London, had precisely the same idea and secured the British government's promise of aid. Paramount is asking the help of Lindbergh.

Notes of origin: William Haade, a structural street worker, was hired for Broadway's "Men of Iron" and found to be a natural actor. M-G-M already has signed him for pictures, at \$600 a week. Walter Brennan was, among other things, a ditch digger. Two years ago Tyrone Power was ballyhooing a telescope at the Chicago fair, selling peeps at the stars for a quarter.

Pet Department: Romeo, the trained

Polly Wants Caramel

parrot you so often see on the screen, is so spoiled that he absolutely refuses to work unless he's fed caramels. Extra girls living at the Studio Club adopted a stray dog the other day. They've named him Robert Taylor.

Over the Christmas holidays St. Morris, Switzerland, will be the address of Douglas Fairbanks, Sr., Gladys Seward and Frank Chapman, Kay Francis, Dolores Daves, and Harle Cheron. Anna Sten bought half of a mountain for a winter home overlooking Palm Springs.

Only woman production manager in Hollywood is Irene Schreck. She bosses, of all things, the Buck Jones outfit at Universal.

First Chinese crooner is Willie Fung, who'll be-bo-bo a couple of numbers

with Richard Arlen in "Secret Valley." When not busy in pictures, Mr. Fung is to be found in the kitchen of a local chop-yeen palace.

What's in a Name
The reason Margo is called just "Margo" for the movies is because her full tag is Marie Margarita Guadalupe Bolado Castillo. Try writing that on your neighborhood marquee!

Simone Simon isn't the only person hereabout with similar first and last names. There's a writer named Gordon Gordon, another named Arthur Arthur, and a French correspondent named George George. Well, well!

The male of the Kurtus fish of New Guinea fastens eggs to a special bony hook on top of his head and carries them until they hatch.

Spring Hill

Mrs. Linnie Walton and sister, Joie Smith of Texarkana spent Thanksgiving with their parents, Mr. and Mrs. W. O. Phillips.

Willis Collins of Texas and sister, Cora Jackson and her son James of Oklahoma spent the week end with Mr. and Mrs. Arthur Collins and children.

Mrs. Pauline McWilliams and daughter, Edith Mae, of Texarkana, spent Thanksgiving with J. E. Turner and family.

John Yocom and John Momen of Kilgore with their families, have had an extended visit with home folks and friends the past week.

Mr. and Mrs. Easterling and daugh-

A Book a Day

By Bruce Catton

Two Splendid Gifts for Christmas

We frequently overlook the fact, but Christmas is primarily a religious festival. And when you are doing your Christmas shopping you might like to know about two recent publications which, because they are beautifully gotten-up religious books, would make very suitable Christmas gifts.

One of them is "The Bible in Art" (Coveli-Friede; \$5), a gorgeous collection of more than 750 reproductions of famous Bible paintings, assembled and edited by Clifton Harby.

The entire range of the Scriptures is covered in this collection, and so is the entire range of art, from the medieval "primitives," with their naive, child-like quality, to the robust splendor of Raphael and Michelangelo, and the sophisticated savviness of Burne-Jones.

Twelve of the reproductions are in full color. All in all, it is an exceedingly handsome book.

The other one is "Christmas," the sixth in a series of Yuletide books brought out annually. Edited by R. E. Haughton and offered by the Augsburg Publishing House at one dollar, it provides a nice assortment of holiday fare.

In it are Christmas stories by Christopher Morley, Elsie Singmaster, Henry Booth, and Grace Livingston Hill; a number of articles by such people as John T. Faris, Winifred Kirkland, and Lawrence Stavig; reprints of the Christmas Gospels of Matthew and Luke; color reproductions of excellent paintings by Knute Heltner and Birger Snodden; and a fine series of Christmas photographs from many lands.

If your family observes the good old custom of reading a Christmas story by the fireside on Christmas Eve, you will find this book a first-rate investment.

ter Allen were down from Hope Sunday, guests of their daughter, Mrs. Monroe Martin and Mr. Martin. Allen remained for a few days stay.

Miss Inez Yocom accompanied Mr. and Mrs. John Yocom home from an extended visit.

J. A. McLarty, wife and son, James, were down from Hope Sunday visiting Frank Turner and wife.

Bessie Collins and Ezra McDowell with their families moved to Lewisville Saturday of last week where they are in the timber business.

Mrs. Alvin Robertson, Miss Gladys Johnson and Allen Johnson attended the fifth Sunday meeting at Bethel, they were delegates from this place.

Mr. and Mrs. Connell were down from Prescott recently visiting her parents, H. H. Foster and wife.

Sunday will be Bro. Silvey's preaching day here. Come hear him.

Mrs. W. L. Garner and Mrs. S. B. Smith spent Tuesday with Mrs. Joe Brown.

Miss Hazel Putman visited with homefolks Thanksgiving.

Cottonseed, considered once a worthless by-product of the cotton gins, is in a \$200,000,000-a-year crop in the south today.

—What You Should Know About— NEW SOCIAL SECURITY LAW

13. Suppose a Woman Marries and Stops Work. What Happens to Her Benefits? Can Both a Man and His Wife Receive Old-Age Benefits?

If a woman marries and stops working, it will have no effect whatever on her benefits. She will begin receiving at age 65 monthly benefits to which she is entitled provided her wages equal \$2000 between January 1, 1937, and her 65th birthday and she has been employed in five different calendar years during this period in some covered employment.

For example, suppose a girl works in a shoe store and earns \$75 a month for 10 years, beginning in 1937, and then marries. Her total wages will be \$9000, which would entitle her to a federal old-age retirement benefit of \$20 a month when she reaches 65.

Both a man and his wife can receive old-age benefits. The only requirement is that each of them must have worked one day or more in each of five calendar years after 1936 and each must have earned in wages \$2000 or more before age 65 in one of five employments other than agricultural labor, domestic service in a home, casual labor not in the course of the employer's trade or business, service performed as an officer or member of a crew on a vessel documented under the laws of the United States or under any foreign country, service performed in the employ of the United States government or of an instrumentality of the United States, service performed in the employ of a corporation, community chest, fund, or foundation organized and operated exclusively for religious, charitable, scientific literary, or educational purposes or for prevention of cruelty to children or animals, no part of the net earnings inures to the benefit of any private shareholder or individual.

There is nothing in the act to prevent a husband and his wife from receiving benefits if they are both eligible. The fact that they are married has nothing to do with the benefits they will receive.

Each will receive the benefit payments to which he or she is entitled under the act.

NEXT: How are part-time workers affected by the old-age benefit plan.

34 Tuberculosis Clinics Are Held

Sole Support of Clinics Is Annual Christmas Seal Campaign

A report just issued by the Arkansas Tuberculosis association in Little Rock on the clinic activities of the traveling field force during the past year shows that 34 clinics were held in 18 counties with an attendance of 3574 patients. Of this number 1123 were found to have lived in direct contact with cases of tuberculosis.

Nine hundred twenty-three patients were given chest examinations with 92 per cent of the group having been found with pulmonary disease, 81 whites and 111 negroes. The total number of persons who either had the disease or were referred to their family physician for further study as suspects amounted to 207 or 22.3 per cent of the number whose chests were examined. 25 per cent of the negro patients being either positive or suspect and 17 per cent of the whites.

Twenty-six hundred ninety-two children were given the tuberculin test to determine whether they were infected with the disease. One hundred twenty-seven children did not report to the physician to have the test read and of the remainder 467 or 18.1 per cent showed infection, 2091 were negative.

seven doubtful. Twenty-five and eight-tenths per cent of the negro children showed infection as compared with almost 17 per cent of the whites.

All the patients received examination for other types of defects and the report shows a startling percentage of negro patients having bad teeth, diseased gums, enlarged tonsils, enlarged or infected glands, heart defects and miscellaneous troubles.

Tuberculosis was furnished by the Association to health officers and private physicians for administering the tuberculin test to 17,000 children.

In issuing the report former Governor George W. Donaghy, president of the Arkansas Tuberculosis Association said:

"All the clinics have been held under the auspices of the county medical societies and in co-operation with the county health unit or the county nurses, and many invitations have had to be held over for next year because of lack of funds. The physicians holding the clinics have received no compensation, the Tuberculosis Association defraying their traveling expenses."

"Both the sanatoriums have been extremely co-operative. Dr. J. J. Willingham of the State Sanatorium at Booneville has been loaned by the institution freely for clinic service while all negro clinics have been held by Dr. Hugh A. Brown and Dr. O. B. White of the McRae Negro Sanatorium. Without this donated service of all the efficient physicians in the field of chest diseases, the clinics would not have been possible."

"The sole source of support of these clinics is the sale of Christmas Seals."

Mrs. Sid Henry Telephone 821

A man is at his finest toward the finish of the year; He is almost what he should be when Christmas season's here; Then he's thinking more of others than he's thought the months before; And the laughter of his children is a joy worth toiling for; He is less a selfish creature than at any other time; When the Christmas spirit rules him, he comes close to the sublime; Man is ever in a struggle and he's oft misunderstood; There are days the worst that's in him is the master of the good; But at Christmas kindness rules him and he puts himself aside; Oh, I don't know how to say it, but somehow it seems to me That at Christmas man is almost what Got sent him here to be.

—Selected.

Mrs. Billy Bob Herndon and son, Billy, of Colorado, Texas, arrived Thursday night for a holiday visit with relatives and friends in the city.

The Jo Vesey Circle of the First Methodist church will meet at 7:30 Monday night at the home of Mrs. John P. Vesey, South Elm street, with Miss Mina Mae Milburn as co-hostess. The Intermediate League of the First Methodist church entertained at a very delightful party on Friday evening at the church. Interesting games were enjoyed, followed by delicious refreshments. Guests were Miss Mina Mae Milburn, sponsor, Rev. and Mrs. Fred R. Harrison and Mrs. Mac Blackard.

Mrs. R. V. Herndon Sr. and Mrs. Billy Bob Herndon and son Billy, were Saturday visitors in Texarkana.

The Woman's Missionary Society of the First Christian church will meet at 3 o'clock, Monday afternoon at the home of Mrs. F. S. Johnson, East Elm street, with Mrs. George Dodd as assistant hostess. Mrs. C. S. Lowder, will lead.

Circle No. 4 W. M. S. First Methodist church, Mrs. D. B. Thompson, leader, will meet at 3 o'clock Monday afternoon at the home of Mrs. F. S. Johnson, East Elm street, with Mrs. A. K. Holloway as associate hostess.

David Thompson Jr., Mrs. D. B. Thompson and Mrs. John P. Cox will leave Sunday morning for a few days visit in Dallas, Texas.

The Young Mothers' Circle of the First Methodist church will meet at 3:45 Monday afternoon at the home of Mrs. D. V. Whitley, 104 West Avenue E, with Mrs. Irvie Huckabee as assistant hostess.

The W. M. S. of the First Baptist church will meet Monday at 2:30 p. m. at the educational building for regular monthly business meeting.

Billy Dan Jones enjoyed a birthday party Friday at the home of his parents, Mr. and Mrs. Carl Jones. The occasion being in honor of his tenth birthday. Numerous indoor games were played with prizes going to Ward Ramsey, John Cecil Weaver, John Paul Sanders and Charles Thomas. Refreshments were served to the following young guests: Charles Thomas, John Cecil Weaver, Glen Williams.

This Was Londoners' First News of Romance That Rocked Empire

Daily Mirror

THE KING WANTS TO MARRY MRS. SIMPSON: CABINET ADVISES 'NO'

THE KING, THE "DAILY MIRROR" UNDERSTANDS, HAS TOLD THE CABINET OF HIS WISH TO MARRY MRS. SIMPSON, AMERICAN BORN SOCIETY WOMAN NOW LIVING IN LONDON. THE CABINET HAS ADVISED AGAINST IT.

THE KING, THE "DAILY MIRROR" UNDERSTANDS, HAS TOLD THE CABINET OF HIS WISH TO MARRY MRS. SIMPSON, AMERICAN BORN SOCIETY WOMAN NOW LIVING IN LONDON. THE CABINET HAS ADVISED AGAINST IT.

In this scare headline, the British public was told, for the first time, by a newspaper, of the romance of King Edward VIII and Mrs. Wallis Simpson and the crisis it provoked in British government. Thousands of Britons who never had heard of the ex-Baltimore beauty thus were astounded, when the tabloid London Daily Mirror splashed the story across its front page, as shown in this radiophoto. In addition to the king's picture, the Mirror carried a picture of Mrs. Simpson. London newspapers previously had not mentioned the name of the monarch's friend in their stories, giving only vague information of a "grave issue" being discussed by the king and the cabinet.

61% Subscribers Read Advertising Surprising Number of Women Also Read Daily Sports Page

MINNEAPOLIS, Minn.—Men are more avid followers of the comic strips than are women, but also read more editorials; women have much more interest in the sports page than is commonly supposed, and the ads get attention from three out of every five men and women interviewed in a five-city survey of newspaper reading habits conducted by Northwestern National Life Insurance company.

The comic page is followed by 84 per cent of the men in the survey, and by 76 per cent of the women. Although the men interviewed were, as would be expected, far more devoted to the sports pages than the women, surprising interest was shown by femininity in the doings of the heroes of gridiron, diamond and green; 57 per cent of the women questioned at least glance over the sports page, and 16 per cent read it thoroughly. Married women admitted little interest in sports, but 77 per cent of the single women at least glance over the headlines.

Newspaper advertisements are read by 61 per cent of all the men and women in the survey; 20 per cent declared they read the ads thoroughly, 11 per cent casually, while an additional 14 per cent habitually glance at the headlines. There was surprisingly little variation in the interest of the various groups in advertisements, with farmers, housewives, and women white-collar workers the most thorough readers, and male white-collar workers the least interested, although a majority of the last named group at least glance at the headlines.

Raising babies, cooking and cleaning have little effect on woman's eager study of the fashion page, even though her means to buy the latest fashions may be temporarily reduced. Of the married women interviewed, 34 per cent thoroughly study the fashion pages, as compared with 42 per cent of the single girls; altogether, 79 per cent of the married women at least glance over the fashions page, as compared with 87 per cent of the single women. Of the various groups checked, Betty Coed was the most interested in styles; only 9 per cent of the college girls in the survey skip the fashions page.

In the survey, door-to-door investigators checked newspaper reading habits of five occupational groups—farmers, housewives, laborers, white-collar workers, and university students. Most of the farmers were located in Minnesota; representing samples of the other four groups were interviewed in each of five widely separated cities—New York, Chicago, Minneapolis, Seattle, and Eugene, Oregon.

Eleanor Powell in New Saenger Film "Born to Dance" Is Screen Feature Sunday Monday and Tuesday

"Born to Dance," which comes to the Saenger Sunday, Monday and Tuesday, is hailed as the season's most lavish pot-pourri of music and dance.

Eleanor Powell and James Stewart in "Born to Dance"

ing. Produced by Metro-Goldwyn-Mayer, the vehicle presents the dynamic Eleanor Powell as its star and just about runs the entire gamut of rhythm.

In all there are more than 250 dancers and more than 200 instrumentalists and singers in this new production with a nautical background with music and lyrics by Cole Porter, for several seasons Broadway's number one tuner and lyricist.

Miss Powell, whose versatility and appealing personality won her stardom in a single picture, "Broadway Melody of 1936," introduces fourteen varieties of dance steps. In one number she does a melody of six different types of dancing in as many minutes. She even leads a 75-piece band with taps and makes her twinkling toes compete with the drummer's most expert rolls and beats.

SYDNEY, Australia.—(A)—A bird, flying to its nest under the eaves with a lighted cigarette in its beak, caused a fire at St. Mary's cathedral here.

Laneburg

The Central P. T. A. ladies presented a three act comedy entitled "Clubbing a Husband" on Wednesday evening, November 25, in the high school auditorium.

The proceeds of the play will be used for various purposes. New playground equipment will be installed for grade children, and new library and science equipment will be purchased.

The following took part in the play: Mrs. Newman, a bride, Mildred Greene; Mrs. Henrietta, her sister, Mrs. Cora Coefield; Maude Ashton, an overgrown girl, Mrs. Eva Mae May; Belle, Mrs. Newman's cook, Mrs. Callcott; Bridget O'Flanagan a waitress, Mrs. Gladys Smith; Mrs. Ferris, her daughter, Mrs. R. K. Stewart; Dr. Georgianna Jordan, a spinster feminist, Mrs. Gausche; Mrs. Reynolds, something of a bargain hunter, Miss Joyce Glyn Bright; Mrs. Harry Hudson, inclined to be nervous, Mrs. Willard Wren; Mrs. Skylark, an ideal woman, Mrs. P. G. Sampson.

Music was furnished by Miss Joyce Glyn Bright and Mr. Doyle Galloway.

Nazarene Session Attended by Hope

42 From Here Participate in Zone Meeting at El Dorado

The Church of the Nazarene through the supervision of the pastor, the Rev. M. A. Stumbogh secured a truck and took forty-two people to El Dorado Friday night November 27, to a N. Y. P. S. Zone Rally.

This is a new zone including the church of the Nazarene of Prescott, Fordyce, El Dorado and Hope. A good number from the different churches attended. Special musical numbers and readings were rendered by those from the various churches, after which the local pastor brought a message in behalf of the zone people.

Hubert Mitchell of El Dorado, zone president, was in charge of the business meeting, at which time new zone officers were elected.

Hope church will have the pleasure of entertaining at the next zone rally, which will be held in February, exact date will be announced later. Hope church won N. Y. P. S. banner by large majority.

7:30 p. m. Everyone is invited to attend services.

"Dere Santa"

YOU, as Santa's representative, are on the lookout for these trustful childish messages. You're watching for the chance lists of "What I'd Like" scribbled idly on feminine desk blotters—for a husband's pocketed memorandum on the perfect tobacco pouch or essential trust flies.

Such clues are invaluable in the pleasant, hectic business of Christmas shopping. But—what about the people who don't write them? The inarticulate, grown-up, far away?

Look on certain pages of this newspaper to find all those missing, unwritten letters to Santa Claus.

Let the advertising tell you as clearly as if you heard her voice that Aunt Mabel will exclaim with joy at this particularly new hottess set. That your mother's practical fingers for once are aching to explore the mysteries of that glamorous cosmetics box. That difficult Cousin Will will melt with gratitude before the machine to make his toast without distracting him from his newspaper.

You can trust the advertising to report unfailingly what people all over the country are saying, seeing, wanting at any time of year. And that's only one of its functions. Advertised products are always the best and most reliable purchases, as well as the most welcome gifts.

Insects To Australia

UVALDE, Texas.—(P)—Insects are among the commodities Texas exports to Australia.

The insect is the Bark, a tiny black beetle, which Australian officials are using to rid the country of cockleburrs. The beetles attack the roots of the cocklebur plants but do not bother other vegetation.

A shipment of 100,000 beetles was sent recently to Canberra, N. S. W., headquarters for burr control work in Australia.

Berlin citizens drank 93,000,000 gallons of beer in the year ending March 31, 1936, over four per cent more than the previous year.

Marauding dogs killed 23 sheep in one night on the farm of Arch Thompson near Agenda, Kas.

Mud Battle Faces Porkers at Little Rock

Rain Forecast on Eve of Title Game

Record Crowd Expected to See Arkansas and Texas Clash

LITTLE ROCK.—(P)—Arkansas' razor-dazzle aerial squadron anxiously scanned a weather forecast of rain Friday night on the eve of a "battle of the centennials" with the underdog Texas Longhorns in the 15th renewal of their grid rivalry.

Officials expect a capacity crowd of 15,000 for the crucial Southwest Conference encounter at Kavanaugh Field. The opening kickoff is timed for 2 p. m.

The game is final circuit clash for both teams. All of Arkansas will take a semi-holiday by official proclamation of Governor J. M. Frazier.

The chief executive, despite a broken leg sustained Wednesday night, planned to witness the title tilt from an automobile on the sidelines. With him will be Governor James V. Allre of Texas and members of his staff. Governor-Elect Carl E. Bailey also will be in a box of honor for the event.

The Little Rock weather bureau forecast occasional rains for Little Rock and vicinity with a low temperature of 44 degrees. Leaden skies broke late Friday to allow a few hours of bright sunshine, and fans were cheered by prospects that the game may be played on a dry field.

Coach Fred C. Thomsen named his starting lineup Friday night, making no changes in the players who have carried the brunt of the Razorback offensive through the crucial games. Outweighed slightly by the Texans the Arkansas eleven is expected to rely largely upon its forward passing attack, hailed by some writers as the best in the nation.

Coach Jack Chevigny put his charges through a brief secret drill Friday afternoon following a warming up by the Porkers. His starting lineup likewise showed no unexpected shifts.

Arkansas must win the game to clinch the conference title. A tie game will force the Porkers to divide honors with Texas Christian while a Texas victory will give TCU the championship.

Bands from both universities will march in a football parade through the business district Saturday morning at 11:30.

Probable lineups:

Arkansas	Pos.	Texas
Benton	Tippen	
Lalman	Left End	Keeling
Sanders	Left Tackle	Small
Lunday	Left Guard	Hughes
Gilmore	Center	Naiser
Van Sickle	Right Guard	Tullis
Hamilton	Right Tackle	Launey
Robbins	Right End	Mittermayer
Martin	Quarterback	Atchison
Keen	Left Halfback	Sheridan
Brown	Right Halfback	Wolfe
	Fullback	

Referee: Alvin Bell (Vanderbilt); umpire, Earl Jones (Tulsa); headlinesman, J. C. Higgins (SMU); field judge, John B. Old (Kansas).

British Traffic Up
LONDON.—(P)—The recent British Air Ministry report on civil aircraft business for 1935 shows a 48 per cent increase in passenger traffic, 186 per cent increase in mail and a 62 per cent jump in freight.

Age Jumps With Death
OBERKAPPEL, Austria.—(P)—Johnann Bruckner died without knowing how old he was. He thought he was 96, but records proved him to be 105.

Dodgers Get Four Players for Two

Grimes Obtains English in Deals With Cubs and Pirates

MONTREAL.—(P)—Gruff, tough Burleigh Grimes, who did less talking than any manager jollering around the baseball bazaar this week, did some rapid fire pitching for Brooklyn Friday by getting four players for the price of two from the Chicago Cubs and Pittsburgh Pirates.

Making his first venture in the market as a big league trader, the new Brooklyn manager swapped Shortstop Linus Frey to the Cubs, for infielder Elwood (Woody) English and Roy Henshaw, diminutive southpaw pitcher.

A few minutes later, he closed a deal whereby he traded southpaw Pitcher Ed Brandt to the Pirates for Second Baseman Harry (Cookie) Lavagetto and Ralph Birkhofer, young southpaw.

The Boston Bees put another DiMaggio in the big leagues, buying Vincent DiMaggio, older brother of the Yankee Joe, from San Diego for cash. Outfielder Ruppert Thompson and Pitcher Jim Chaplin.

The Bees also trade utility infielder Mickey Haslin to the New York Giants for Third Baseman Eddie Mayo, who wasn't given much employment by the Giants.

King's Abdication

(Continued from page one)

gentlemanly and honorable.

Two Papers Favor King
LONDON.—(P)—The London morning newspapers, the Daily Mail and the Daily Herald, both of which favor some compromise by which King Edward would retain his throne, bitterly assailed Saturday the statement of Prime Minister Stanley Baldwin in the House of Commons Friday.

Editorial comment from these, and other papers, follows:

The Daily Mail
"He (Prime Minister Baldwin) announced the entire rejection of the expedients which have been suggested out of affection and good will for the king, with the special object of safeguarding his personal happiness and retaining his magnificent qualities of leadership for the nation's benefit."

Hinting that King Edward had been "rushed and not given time to consider his course," the Daily Mail said there was a growing sentiment in the House of Commons favoring giving the monarch "all the time he desires."

The Daily Herald
"Wide sections of the public still believe the cabinet opposes the king because he wishes to marry an American and a commoner. As long as they believe this, they will be indignant and justified champions of the king's right to marry outside the ranks of aristocracy or dynasty."

"They have no time whatever for considerations of sobriety and social prestige from which resistance to a popular marriage would arise. And the king has endeared himself to the people by manifesting little time for such considerations either."

"It is therefore imperative that Prime Minister Baldwin should should-

Jonesboro Seeks Game With Hope

Five Games Already Booked—Tough Schedule Is Planned

JONESBORO.—Five 1937 football games have been arranged for Jonesboro High School.

The team will play Hot Springs September 24, Forrest City October 29 and Blytheville November 19, all here. Mayfield, Ky., and Catholic High of Little Rock are under two-year contracts. Dates for these games have not been settled.

Officials are seeking games with Little Rock, Pine Bluff, Hope, Russellville, Camden, Fordyce, El Dorado, Searcy or Walnut Ridge.

der the distasteful task of telling the people why the cabinet and dominions do oppose the marriage.

"The facts are indeed known. And there's nothing in them that calls for a hushed voice, an averted face—for swiftness or prudence," Mrs. Simpson has been married twice. Both her former husbands are living. She divorced the first and shortly after she married the second. She divorced the second and when the degree became absolute next April, it was to be followed by marriage to the king.

The Daily Telegraph
"The Daily Telegraph, warning against creation of a 'king's party,' said 'the latter calls urgently for a rapid decision. Perils lurk in delay. It would be utterly deplorable if what used to be called 'the king's party' showed even the first faint signs of emergence after a lapse of 150 years, for that would lead straight to constitutional crisis far more dangerous in import."

The News Chronicle
"There unquestionably is a strong and growing desire among the public that the king should marry the woman of his choice as soon as she is free to marry him and that she should not become queen of England."

"If such a solution could be arrived at, the public would have a sign of relief. There is no such thing in England at present as a morganatic marriage. But laws can be changed."

Call Australia Session
CANBERRA, Australia.—(P)—Prime Minister Joseph Lyons called a special session of the Australian Parliament for Wednesday to consider the crisis in London resulting from the conflict between the government of Prime Minister Stanley Baldwin and King Edward VIII over Mrs. Wallis Warfield Simpson.

Peaches Finally

\$3,500 fine imposed by Judge Martineau.

Sentence of two years was imposed on each of the seven counts of the indictment under which Peacher was tried, the sentences to run concurrently, but Judge Martineau said that he will place on probation if the fine of \$3,500 is paid.

Chinese Uplift Costly
NANKING, China.—(P)—Moral uplift costing Kwangtung province \$5,000,000 a year in the loss of "protection" taxes formerly collected on gambling, lotteries and sing-song girl houses.

L.S.U.-Santa Clara Meet in Sugar Bowl

Selection of Unbeaten Teams Given Approval of Sports Fans

NEW ORLEANS.—(P)—Two of the nation's three undefeated major football eleven—Louisiana State University and Santa Clara—will clash here New Year's day in the third annual Sugar Bowl game.

Louisiana's Bayou Tigers, undisputed champions of the Southeastern Conference, accepted the Mid-Winter Sports Association's invitation shortly after noon Friday. Authorities at Santa Clara, only undefeated and untied team in the west, earlier had informed the association of the Broncos' willingness to participate.

Selection of the two powerhouse eleven met with instant approval in southern sports circles. The choice of Pittsburgh to meet Washington in the Rose Bowl left LSU open for the New Orleans game, paving the way for two undefeated teams to meet.

Both Washington and Pittsburgh have been beaten and tied and sponsors of the Sugar Bowl event lost no time in declaring the winner of the New Orleans game "would be recognized throughout the football world as the national champion."

Arkansas' State
(Continued from page one)

size have been caught in Lake Hamilton and Lake Catherine.

Arkansas Post State Park, on the Arkansas river, embraces 41 acres and is developed solely for its historical interest. Its value is \$5,000 but the site was that chosen for the first white settlement founded in the Louisiana purchase. The now almost deserted city of Arkansas Post was the territorial capital of this state.

Donaghey park, in Union county, has 20 acres in Arkansas and 20 in Louisiana. It is valued at \$400.

Six New Ones Proposed
The six proposed parks have either scenic or historical values, the Planning Board said. These include:

Applegate: 17,700 acres 22 miles west of Little Rock on state highway 10. Estimated cost, \$53,000. Selected for scenic value proximity to Little Rock.

Mt. Magazine: 2,000 to 5,000 acres, on highway 10 near Blue Mountain, Logan county. Large portions of lands being developed by Resettlement Administration. Selected as outstanding scenic attraction, being the highest accessible park between the Alleghenies and Rocky Mountains.

Chicot: Located on Lake Chicot near Lake Village. Estimated area needed, 400 acres.

Imperial: Between 400 and 1,000 acres on highway 63 in Lawrence county. Selected principally for scenic beauty.

Ouchita: On the Ouachita river near Camden, selected for scenic and recreational values, especially fishing and bathing.

Pea Ridge: Located northeast of Bentonville in Benton county. Includes 400 acres, selected because it embraces part of Pea Ridge battlefield of Civil war fame.

"In the establishment of a state park system," the Planning Board said, "it is important to provide adequate means of access to and from the parks, preferably by a system of landscaped, continuous routes connecting all the state park area."

"Much can be achieved in this respect through proper roadside improvement, particularly in rugged areas of the state. There it becomes a matter of preserving the present natural scenic beauty of the highways and preventing their despoliation by the use of billboards and by the erection of hideous structures along the routes."

"It is recognized that the present law of the state park commission is inadequate in many respects, since the commission is considering new legislation. The Planning Board's legislative committee will study this legislation as part of its program of work."

Tax Equalization
(Continued from page one)

of all the assessors of the state as well as the Arkansas Corporation Commission.

Crittenden and Conway counties, with only 10 per cent decrease, showed the least variation, while Union had the greatest, 54.2 per cent. In Pulaski county, the drop was 40 per cent, from \$88,450,013 to \$53,213,735.

"During my administration," Mr. Bailey wrote, "I shall insist that the Arkansas Corporation Commission give as much time and attention as possible to the matter of equalizing tax assessments. I recognize that it is the duty of the Corporation Commission to give assistance wherever possible to the assessors, and I want all of the assessors to feel that they have the right to call upon the commission for advice and assistance."

Much Protest Over Rose Bowl Choice

Los Angeles Newspapers Consider Pitt Unworthy Opponent

LOS ANGELES.—(P)—Sports commentators of two Los Angeles newspapers sharply criticized Friday of Washington's selection of Pittsburgh as its Rose Bowl opponent.

Sid Ziff, sports editor of the Evening Herald and Express, wrote: "The Washington moguls who arranged this 'splendid' treat and tossed it unceremoniously into the laps of Southern California grid fans HAD NOTHING to say about why they ignored Dixie. And so, my sympathies to Washington."

"Because the set-up now is just plain!"

"Washington can have the game, we don't want it."

Pitts El Folde
Maxwell Stiles, writing in the Los Angeles Examiner, said:

"And so we'll have to put up with Pittsburg again in the Rose Bowl! And when we could have had Louisiana State or Alabama."

"Of all the teams that ever played at Pasadena, Pitt has consistently done the grandest of folds."

Coaches Surprised
Two football coaches, Frank Thomas of Alabama and Bernie Bierman of Minnesota, also expressed "surprise."

"Alabama didn't expect to be picked but I believe Louisiana State had a right to expect the nomination," Thomas said.

Business Elements
(Continued from page one)

ness fear, distrust and dislike of Washington.

On the side of business, however, the signs are even more conspicuous. Every day brings some new manifestation that opposition to the President in important business quarters is weakening, that business confidence in that period of the future, which will be spanned by the second Roosevelt administration is increasing.

No one can fail to realize that this trend, if continued, will be of the very first importance. The ill feeling which grew up between Washington and the business world not only has provided most of the bitterness of the past, but it has been regarded widely as a definite deterrent to recovery. Its elimination, or even its appreciable permanent subsidence, would be epochal news indeed.

Feathers In The Wind
Everyone can have his own opinion whether the evidence has yet reached a conclusive stage, but certainly such facts as these, selected at random, must be accepted as strongly indicative, at least:

The chamber of commerce of the United States, in which are represented virtually all of the great combinations of wealth, adopts Mr. Roosevelt's re-employment views almost without amendment.

A similar note of agreement comes from the national association of manufacturers, long a center of determined opposition to many Roosevelt policies.

The business advisory council, composed of some of the country's leading industrial figures, accepts the responsibility of co-operating fully with

Babe Makes Hit in Movies

Not even penciled eyebrows and painted lips can disguise the face that is an institution in baseball. It belongs to Babe Ruth, the old Sultan of Swat, who is now busily following a movie career. He is shown being made up for his part in "Home Run on the Keys," a movie short being filmed in Brooklyn.

Nebraska Not to Play in Oil Bowl

Proposed Game Between Arkansas and Nebraska Is Off

KANSAS CITY.—(P)—Coach Dana X. Bible of the University of Nebraska said Friday that Nebraska will not play a post-season football game at Tulsa, Okla., answering reports of an "oil bowl" game for Nebraska and Arkansas by the Tulsa Junior Chamber of Commerce.

The President for recovery. So conspicuous a financier as Winthrop W. Aldrich, of the Chase National bank, advises business to expect and accept further regulation.

One of the largest power groups decided to withdraw its opposition to the program of the securities and exchange commission.

The editor of the Baltimore Sun, which did not support Mr. Roosevelt, reports after an inquiry in Wall Street that he has been unable to find even "the bare rudiments" of effective opposition to the Roosevelt program.

One deeply conservative Washington columnist, who has been most outspoken against the trend of affairs at Washington, raises the question whether Mr. Roosevelt may not go down in history, after all, as a great President, who leaned far enough left to nullify the influence of dangerous radicals, yet kept the country safely on the path of rational conservatism.

Faces Many Decisions
Instances might be multiplied. Some optimists have gone so far as to announce the advent of another "era of

good feeling," and predict the early arrival of that long-awaited day when the lion and the lamb shall lie down together.

A great deal more can be told about six months hence. Just now Mr. Roosevelt is away from American shores, relieved of the necessity of responding to the tender sentiments which float in upon the White House, and of the still more difficult task of making decisions about the issues which soon will be on the anvil at Washington.

In the first months of 1937 he must submit a budget and say what he thinks should be done about continuing many important sections of the New Deal legislative program. After he has taken his position in these matters will be soon enough to form a definite opinion whether business really loves him, or loves him not.

Porker-Longhorn Battle Tops Card

Notre Dame and Southern California Meet at Los Angeles

NEW YORK.—(P)—Football fires parting salute Saturday before retiring into the background until the annual post-season classics bring it back into the sports headlines again.

Topping the slender program is crucial Southwest Conference game at Little Rock between Arkansas' air-minded Razorbacks and the University of Texas Longhorns, three major intersectional tussles headed by Notre Dame-Southern California at Los Angeles, and a few other test of lesser importance.

Arkansas, boasting one of the great passers of the game in the person of Jack Robbins, must win in order to share the championship title it lost by official decree three years ago.

The day's banner crowd unquestionably will turn out at Los Angeles although Notre Dame has been beaten twice, by Pitt and Navy, and Southern California's record shows two defeat and two ties in seven games. Notre Dame, on the basis of its fine late season showing against Army and Northwestern, is the favorite.

The intersectional angle, otherwise will be taken care of by the Temple-St. Mary's clash at San Francisco and Manhattan's trip into the southwest to play the Texas Aggies. Rice and Southern Methodist get together in a Southwest Conference engagement that will play no part in the championship race.

In the south, Tennessee's Vols will seek to wind up in a tie with Auburn for third place in the Southeastern Conference by tripping Mississippi while Mississippi state, facing Florida, will be bidding fifth place in the final standings. Maryland and Western Maryland play at Baltimore.

Arkansas Player to Receive Award
Bill May of El Dorado to Get Award for Best Blocking

EL DORADO, Ark.—(P)—Bill May, Louisiana State University quarter back, was advised Friday that he was to receive the Clemson award for the best job of blocking during the 1936 Southeast Conference season. The trophy will be presented at a banquet in Clinton, N. C. May formerly starred for El Dorado High School.

For more, since then she has had no business she can handle.

Last year, with the approach of Christmas, she hired five women to assist her and in the space of three months made and sold more than \$150,000 worth of dresses. Now she is designing a factory and plans to begin manufacturing on a national scale next spring.

Mrs. Mupp expects clothes for quintuplet dolls will take first rank the year although the greatest demand in the past has been for Shirley Temple outfits.
